

Application No. 10/825,138
Amendment after Allowance

REMARKS/ARGUMENTS

Claims 1-11 and 13-22 remain presently pending. Claims 3, 7, 8, 9 and 10 have been amended.

The Examiner's Amendment, included with the Notice of Allowability and received with the Notice of Allowance mailed May 2, 2006, amended claims 3 and 7-10 previously on file such as to "correct obvious typographical errors".

With respect, the Applicant seeks by way of the present Amendment after Allowance to more appropriately amend the typographical errors in the identified claims.

As such, the expression "the gas turbine" in claims 3, 7, 9 and 10 has been replaced by "the APU", rather than "a gas turbine" as suggested by the Examiner. It is of note that the claims have been amended based on the claim set previously on file, and not based on the claims as amended by the Examiner's Amendment.

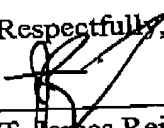

Claim 8 has been amended herein exactly as suggested by the Examiner and made via the Examiner's Amendment.

Applicant anticipates receiving confirmation that the present Amendment After Allowance has been accepted, and as the issue fee is being paid simultaneously herewith, anticipates that the present application will issue as a patent in due course.

Respectfully,

August 2, 2006
